Covid-19 information

To help protect our employees and test takers and remain compliant with government mandates and recommendations from the CDC and WHO, safety practices are enacted throughout the SELT testing process. To read our current global Test Centre social distancing policies visit the link below. Some regions have specific policies in place based on local guidelines. Before the day of your SELT test please review the policy for the region you will be testing in. Familiarising yourself with the policies beforehand will help you better understand what to expect on your SELT test day.

Important note:

- All Test Centres must observe local social distancing rules. This may mean you might have to wait outside the Test Centre and be called into the reception/check-in area. Please remain patient when waiting to enter the Test Centre to ensure we are able to maintain safe social distancing for our staff and test-takers.
- You must bring and wear a face mask/covering. If you do not, you will not be allowed to test.
- When you check-in at the Test Centre you will be asked to remove your face mask/covering to have your photograph taken. If you refuse, you will not be permitted to test.
- Depending on local government/state guidelines, you may need to have your temperature taken by Test Centre staff prior to entering the Test Centre.

Test Centre check-in procedures & breaks

- You must arrive at the Test Centre 30 minutes before the start time of your exam. If you do not, you will not be allowed to test.
- You must bring with you the same valid photo ID used during your exam registration. The name you used to register for your exam must exactly match the name on your valid photo ID. If you notice an error contact us immediately at selt@languagecert.org If you do not contact us before your test day to correct any errors you will not be permitted to test.
- You will be required to raise your pants legs above your ankles, empty and turn out all pockets and raise shirt sleeves above your wrists prior to every entry into the test room.
- Eyeglasses must be removed for visual inspection to ensure they do not contain a recording device. Large jewellery items must be stored in your locker due to concerns over concealed recording devices.
- Depending on the SELT exam you are taking, you may be allowed an unscheduled break. If breaks are allowed Test Centre staff will follow the ‘end of exam process’ to ensure the path to exit is clear and that time in and out of the test room is recorded, removing the need for the candidate to sign the roster.
- During an exam break access to your locker is not permitted. If you need access to medicine speak with Test Centre staff. Repeated or lengthy departures from the test room will be reported to LanguageCert.
- Upon return from a break, without exception, you must go through all necessary security checks.
